## I-many CARS Functional Training

<b>Course Name:</b>	I-many CARS, Functional Training
<b>Course Location:</b>	Client's training facility or at I-many's training facility
<b>Course Audience:</b>	Functional and Technical Implementation team members
<b>Number of Attendees:</b>	1-10*
<b>Course Duration:</b>	3 days
<b>Prerequisites:</b>	None
<b>Description:</b>	This course will present an overview of the CARS process flow and instructions on contract management and rebate and chargeback adjudications for front-end users. This course includes training on the following topics: Navigation, Business Units, Products, Contract creation, Submissions and Settlements. This course description is I-many's standard training. Training can be customized, and the number of days for the course duration may be adjusted.
<b>Customized Training:</b>	This course can be customized to fit your company's individual needs. Customized training requires a complete understanding of all requirements. I-many will conduct a scoping session(s) to review and confirm all training requirements. This session(s) will add days to the course duration and will be billed at the daily rate for the additional days required.
<b>Training Inquiries:</b>	If you have any questions regarding this training course or would like to schedule a training session, please contact us at 732-516-2664 or <a href="http://www.imany.com/pstraining">www.imany.com/pstraining</a> .

\* All training sessions are priced for delivery, with 10 or fewer participants per training session. For any training session in which the client has more than ten (10) participants seeking training, I-many reserves the right to provide an additional billable Instructor at the applicable rates plus expenses.

## I-many CARS Reporting Functional Training

<b>Course Name:</b>	I-many CARS Reporting, Functional Training
<b>Course Location:</b>	Client's training facility or at I-many's training facility
